Threat and Hazard Identification and Risk Assessment (THIRA)

• What threats and hazards can affect our community?

• What impacts would those threats and hazards have on our community?

• Based on impacts, what capabilities should our community have?
Improvement Planning

• Conduct hot washes, AARs following exercises and real world incidents
• Track our corrective actions to completion
• Continue tracking as a part of a corrective actions program
  • District Corrective Action Program
Our Approach

PREPAREDNESS CYCLE

- Plan
- Organize/Equip
- Train
- Exercise
- Evaluate/Improve
Multi Year Training and Exercise Plan

• The multi-year T&E plan is the foundational document guiding a successful training and exercise program.
Establish Exercise Priorities

• Discuss and determine priorities from a holistic perspective, not just individual organizations. These priorities are not meant to supersede the stakeholder organizations’ priorities.
Develop the Multi-Year Schedule

• As a group, identify potential exercises
  • Focus & Dates

• As a group, identify potential training events
  • Focus, audience and dates
Recent Trainings & Incidents

- Serve DC: Volunteer Reception Centers
  G288 Volunteer and Donations Mgt.

- DFS/DDOT/DOH: Sheltering Operations
  G418 Emergency Assist. Planning & Ops

- HSEMA/FEMS/MPD: IMT Training
  Position Specific Training

Welcome to ADDIE

ADDIE encapsulates the five phases of developing NTED’s trainings (Analyze, Design, Develop, Implement and Evaluate). These phases align with the ADDIE instructional Systems Design (ISD) model. The ADDIE ISD model breaks the process into phases to help guide the Instructional Development Team throughout the course development lifecycle. Within each phase, you will find tools and resources to help you complete each phase successfully. Please see the Help tab above for information on getting started.

Please click on the images below to learn more about each phase of ADDIE:
